

How do I make Automated Clearing House (ACH) debit payments if there is an ACH debit block on my bank account?

To avoid your ACH debit child support payment(s) from being rejected, contact your bank and provide them with the DCSS Company Identification Number (Company ID).

Company ID:	1946001347
Company Name:	SDU CHILD SUPPT
Company Entry Description:	CAEPWEB

Verify with your bank that the ACH debit block has been removed from your account before making your payment
